CLV homes provide 24/7 support to adults with intellectual disabilities to meet their individualized needs. Our homes are located in neighbourhoods throughout Greater Victoria. CLV homes have different layouts & staffing models to support a variety of needs. Each home supports between 2 - 5 people.

Community Living Victoria's homes promote:

- ▶ Independence, growth, learning and development
- ▶ Full participation in community life
- ▶ Accommodation and a flexible approach
- ▶ Safe, healthy and nurturing environments
- ▶ A sense of belonging
- ▶ Involvement and welcoming of family and support network

*CLV homes are funded by Community Living BC (CLBC). Referrals and acceptance into the program are made by CLBC. Individuals must meet CLBC's eligibility of having an intellectual disability. Interested individuals should contact CLBC at 250-952-4203 and ask to speak with a facilitator.*
