### **Here are some highlights for this year's event.**

**Venue!** This very large venue allows us to host many exhibitors and gives them lots of room to spread out to share their services with you.

**Kids' Corner!** To make the event more family friendly we will have lots of activities for kids so that parents can bring their children along to enjoy themselves as well.

**Interactive Activities!** There will be opportunities for individuals to participate in sport, recreation and music activities throughout the event space.

**Food!** We will have a food truck set up out front. The availability of food will allow you and your family to attend over lunch hour or dinner.

**Services!** Here are some of the examples of the types of services and support you can expect to learn about when you stop in:
