

# Community-Led Engagement Project Youth Self-Advocates Survey

## Are you a youth with support needs?

- This would include someone 12-19 years of age who has a disability (diagnosed or undiagnosed), needs support, and/or has a possible developmental delay.

## If so, you have the opportunity to be heard and we can help!

- We would love to hear what is working well, what barriers to accessing support you experience and what you hope for the future of children/youth with support needs.
